

# Selling through a system

※Legend: ● Automatic ● Semi-automatic ● Manual

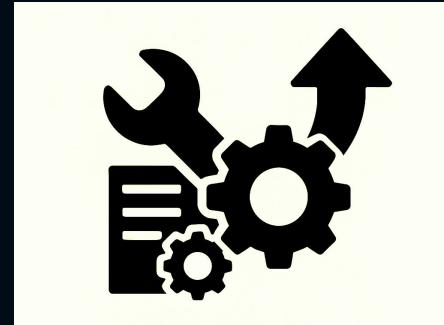

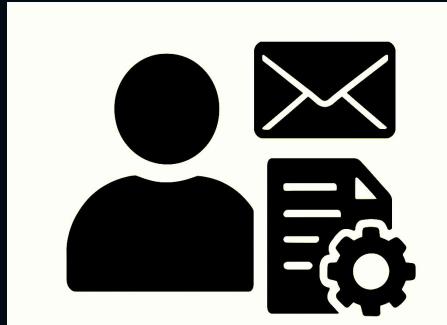

# Breaking free from time-consuming, labor-intensive, and person-dependent operations

## Challenges:

- Manual SNS & sales tasks
- person-dependent customer support
- No clarity on success drivers

## Benefits:

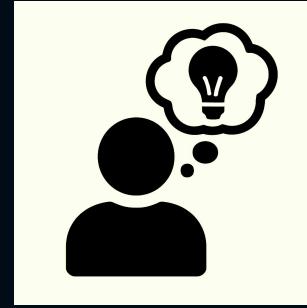

- Automated customer acquisition
- Integrated diagnosis-to-sales flow
- End-to-end visibility & optimization

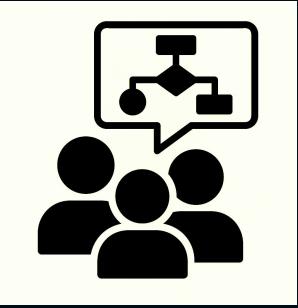

# This isn't just a diagram.

↳ It transforms your strategy into a shared, actionable asset.

**Strategic Reflection**  
– Clarify structure and identify areas for improvement

**Client & Team Alignment**  
– Create shared understanding and reduce explanation effort

**Sales & Proposal Tool**  
– A powerful asset to communicate value through structure

**Canva / LP Integration**  
– Use as a credible, trust-building visual content
